MARKET ANNOUNCEMENT

USCOM RELEASE APPENDIX 4C

Monday, 20th July 2010, USCOM (ASX Code: UCM) today released its Appendix 4C. Quarterly Report for entities admitted on the basis of commitments for the quarter ending 30th of June 2010.

The sales during the quarter, particularly in the US were disappointing despite a strong sales pipeline from Spacelabs, USCOM's global ex Asia distributor.

Sales into the US "in-hospital" market were greatly impacted by the global financial crisis and its consequent impact on hospital finances. Also, the uncertainty due to US health reforms, which were introduced during the second half of the year, has also impacted negatively on sales.

It is likely, but not guaranteed, that these influences will diminish during the course of new financial year.

The company continues to pursue its stated objective of expanding into other market opportunities and broader applications of the technology.
